

Public Health & Safety Committee Meeting
Thursday, January 21, 2010 7:30 pm
Room 213 in Town Hall

Agenda

Call to order.

Approve the minutes from the November 23, 2009, organizational meeting.

Review the schedule for the year.

Discuss the attached materials from the Police Department on:

--a gift from the Darien Technology Foundation of up to \$20,000 for accident investigation software and equipment

--a reimbursement for video training production equipment which must be purchased first by the Town, inspected and approved in order to receive a Recovery Act CT Local Pass-Through Justice Assistance Grant in the amount of \$30,000

--a request to join in a Non Emergency Interagency Agreement with Stamford and New Canaan regarding DWI checkpoints and other non-emergency situations, accident investigations, and traffic enforcement, that cross borders so that the towns can work together in the investigative work.

We will need to **vote** on these resolutions and be prepared to speak to them at the RTM meeting on January 25.

The Rules Committee has asked that our committee be prepared to report to the RTM on the changes in the Town Ordinances on the Health Department. Discuss and decide on who would be best to report on this resolution. If we do not have time to handle this item at this particular meeting, we can discuss it and vote on it at the meeting prior to the January 25 meeting at 7:15 pm.

Adjourn.

Carolyn Schoonmaker
Chairman, PH&S
